“little bag - big impact”

... and an exciting partnership! *Remke Markets* has a partnership with a non-profit organization in our “Sixth Sense” program. This program is one that encourages our customers to consider protecting our environment while enhancing our contributions within our communities.

A customer will receive 6¢ off their order when they bring in their own *Remke* eco-friendly/reusable bags to tote their groceries home. In addition, the customer will receive a wooden token worth 6¢ to donate to one of the three charities noted on our Sixth Sense charity bin. This is a great opportunity for the charity to get recognition from the community! Donations paid quarterly.

By developing our “Sixth Sense” program, *Remke* will be able to make a big impact in our community. Please share this message with your friends, to help us make big impact in our community! Thank you for your partnership!

...adding value to our community!

We are proud to partner with you and support you in your efforts for our community. If you have any questions, please feel free to contact us!
